In this table, each row corresponds to awards supported by the NSERC Discovery Grant program in a given fiscal year

Columns:	NSERC Disc. Total	= This is the total amount NSERC spent during the given fical year in the discovery grant program
	NT	= This is the total number of grants supported
	Adv. of Knowledge	= The total amount spent for "advancement of knowledge"
	N Ad	= The number of grants studying "advancement of knowledge" supported
	Math Sciences	= The total amount spent for "Mathematical Sciences"
	N MS	= The number of grants studying "Mathematical Sciences" supported
	Knoweldge/Total	= The percentage of Discovery Grant funds used for advancement of knowledge
	Math/Knowledge	= The percentage of advancement of knowledge funds used for mathematical sciences
	Math/Total	= The percentage of Discovery Grant funds used for mathematical sciences
	N Ad/N T	= The percentage of Discovery Grants which were in the advancement of knowledge category
	N MS/N Ad	= The percentage of advancement of knowledge grants which were in the mathematical sciences
	N MS/N T	= The percentage of Discovery Grant which were in the mathematical sciences
